EAGLES AND McLEAN PLAY THURSDAY P. M.

CHURCHES WILL HOLD SERVICES WEDNESDAY p.m.

Pastors of City to Unite in Thanksgiving Services Wednesday

FOOTE TO PREACH

Rev. L. R. Hudson Makes Announcement for the Meeting

The annual Thanksgiving service of the churches of Canyon will be held tonight (Wednesday) at 7:30 o'clock at the Methodist Church, according to Rev. L. R. Hudson, senior pastor of the city.

Rev. Foote, pastor of the Methodist church, will preach the Thanksgiving sermon.

Rev. Hudson urged that all people of Canyon join in the Thanksgiving services tonight. The pastors believed that a larger number could avail themselves of a service tonight, rather than come to a service on Thursday morning, as is the usual custom.

Relief Fund for County Work Is Received in City

A government check for \$298 was received Thursday for the November allotment for government work relief in Randall county. The relief work will be handled through S. B. Orton, chairman, Fred Wortham, secretary, Wallace R. Clark, T. C. Thompson and C. R. Burrow. Under the terms of the contract with the federal government, this money may be used only in destitute cases, and will be given only to those who are able to work. "No work, no eat," has been adopted as the principle under which the funds will be distributed by the committee.

The first project to be undertaken will be building an adequate crossing on the Tierra Blanca Creek on the county road south of the Edwards place. When this is completed, some street work in Canyon is proposed. The government will send monthly checks for this kind of work to be administered through the relief committee.

Mrs. John Davis Speaks at State Teachers Assoc.

Mrs. John W. Davis, teacher of the Seventh grade of the Canyon public schools, will speak at the meeting of the Texas State Teachers Association in Fort Worth this week on the subject, "Remedial Work in Arithmetic in the Seventh Grade."

Mrs. Davis will present the experiments which have been worked out in the arithmetic classes in the elementary grades of the Canyon public schools. These experiments have been used not only in arithmetic but in other subjects as well, and the school system here has been recognized for the value of this work.

Several members of the public school faculty will attend the meeting of the Association in Fort Worth, and a holiday will be observed in the schools both Thursday and Friday.

T. J. Boney of Stratford came last week to take charge of the Toggery, which has been under the management of Russell Bishop. Mrs. Boney has been here attending school this fall. Mr. and Mrs. Boney are residing at the R. D. Robbins home at 2300 Third Avenue.

DR. J. A. HILL

Several thousand teachers of Texas gather today in Fort Worth for the annual meeting of the Texas State Teachers Association. Dr. J. A. Hill of Canyon is president of the organization, and will preside at the meetings of the association. Many teachers from the Canyon public schools, and W. T. faculty will attend the meeting.

New Pastor and Red Cross Nurse Talk at Rotary

Rev. C. W. Foote and Miss Ahlschier were speakers at the Rotary Club luncheon Tuesday, when the International Service Committee under the direction of Dr. D. M. Stewart was in charge of the program.

Rev. C. E. McKenzie made a short talk boosting the Canyon-McLean football game to be played Thursday afternoon and urging all Rotarians and their families to attend.

President Oscar Gano asked that several members of the Club make arrangements to attend the inter-city meeting in the Carlsbad Cavern on Dec. 5th.

Rev. Foote spoke on "the joy of the harvest," comparing the growth of the individual life with that of the seasons of the year. The speaker believed that there are plenty of things for which we may be thankful this year. This is a wonderful country. We are in the ebbs now, but on the way to wonderful development. There has been great development in the past few years, in the schools, churches, and communities. Care must be taken in passing judgment upon people by passing judgment at the wrong time. Men's lives are not to be judged by acts at any particular time.

Miss Ahlschier called attention to the class in first aid which was being organized among the business men and urged that Rotarians take the course. She quoted figures as to accidents, which are printed in another place in this issue of the News. In case of accident the shock more often kills the victim than anything else, the first aid is only for the purpose of getting the victim to the doctor in the best possible condition.

Miss Ahlschier expressed appreciation of the co-operation extended in the schools by the teachers, parents and doctors of Canyon. The fullest co-operation was likewise given in the rural schools, and great interest shown by parents to correct the defects found in the children.

Jameson Car Badly Wrecked, Preacher Hurt on Highway

The car of Rev. C. E. Jameson was wrecked and Mr. Jameson badly injured on the highway south of Canyon last Wednesday night. Rev. Jameson was returning from a visit with his sick brother when he collided with a steel road drag which had been left in the middle of the highway.

Mr. Jameson's back was badly injured from the accident. The car was damaged to a considerable extent. Jamie Jameson was with his father, but was not injured.

Rev. Jameson left Friday with his family for his new appointment at the Methodist church in Shamrock.

Mr. and Mrs. C. H. Thurman visited in Pampa Sunday.

Forty Women Make Trip Tuesday to Clubs of County

Prize winners for the Home Demonstration Clubs Pantry Contest for the clubs of Randall County were announced Tuesday by Miss Sadie Kate Bass, Home Demonstration Agent, as follows:

First place, Mrs. A. L. Glenn, Jewell Club, prize, a heavy aluminum boiler.

Second place, Mrs. A. C. Miller, Johnson club, prize, kitchen garbage can.

Third place, Mrs. J. W. Watson, Zita club, prize, kitchen garbage can.

Honorable mention was given to Mrs. Chris Wagner and Mrs. J. W. Bourn of the West Side Club for the large quantity of canned goods in their pantries, and to Mrs. L. T. Campbell of the Lakeside club for having the best sealed pantry of those in the nine clubs.

The scoring was done by Miss Mary Sitton, Home Demonstration Agent for Potter County, according to the following score card:

How many dollars did you spend on your pantry?

What is the value of your pantry?

Filling budget, 40; storage space, 15; arrangement of pantry, 10; equipment, cans, glass jars, cooker, sealer, 10; recipe file, 5; menu file, 5; bulletin file, 5; value of pantry, 5; story, 5.

Attention was called to the fact that it is better to have a variety of canned foods for balanced meals

than to have a large quantity of one kind.

Totals for the nine pantries of the county were as follows: 5032 quarts at a total cost of \$89.62; total retail value \$389.40; total of 233 feet of shelving added.

The program for the day included visits to the pantries of Mrs. L. T. Campbell, Mrs. J. W. Watson, Mrs. O. H. Rahlf, and Mrs. A. L. Glenn. At the home of Mrs. Rahlf, a covered dish luncheon was served at the noon hour, followed by the awarding of prizes in the Pantry Contest and a short program in which representatives of the various clubs presented stunts. Making the tour were forty women representing Parks Club, Lakeside Club, Sunny Hill Club, Jewell Club, and Johnson Club, and several visitors from Randall and Swisher Counties.

WHEAT PASTURE GOOD.

Dr. C. E. Donnell states that the wheat pasture over the county is good, and is being of great value to the farmers and ranchmen of the county. From indications, Dr. Donnell believes that the wheat acreage will be about the same in Randall county this year as it was last year.

Gib Jackson of Amarillo is supplying for Herbert Ralls as manager of the Foxworth-Galbraith Lumber Company while Mr. Ralls is out of town on business a few days.

Mrs. C. M. Presley left Sunday for Washington, Iowa, to visit her daughter, Mrs. H. D. Cline.

Mr. and Mrs. F. M. Faulkner and John Guthrie, Jr., left Saturday for a business trip to Sonora.

Legion Auxiliary Wins 3rd in State

Please accept our sincere thanks for your hearty and efficient cooperation in putting over the publicity work of the American Legion Auxiliary the past year.

Our efforts were concentrated principally upon newspaper publicity and I know you will be interested to know that over 5,000 inches, single column of news matter was published for the Auxiliary of Texas the past year.

The Canyon Unit of the Auxiliary won third place in the state with its publicity work. This result was possible only through the loyal cooperation of you and your News force, and I want you to know we appreciate it.

Most sincerely,

Class in First Aid is Started for Men of City

A First Aid class is being organized for men only to be taught by Dr. R. A. Nebbett. This is free, class limited to 20 men. Class instruction once a week at night from 7 to 9 at the Canyon High School Building. This class will begin Thursday night, December 1st. The price of the book is 75 cents, which is worth the money. In 1930 in the United States 99,000 persons were killed by accidents, one person in every five, and one third minutes—a third more than in 1921.

About 10,000,000 persons were injured by accidents, one person every three and one sixth seconds—one person out of every twelve in the country.

About 18,000 children under 15 years of age were killed by accident—one child every half hour. About \$3,000,000,000 was the cost of all accidents—\$95 every second.

33,000 were killed in motor vehicle accidents; 30,000 accidentally killed in homes, which includes falls, burns and scalds, suffocation, fires and poisons; 16,000 industrial workers accidentally killed; 20,000 fatal accidents in public buildings and on public carriers.

No matter how trivial the injury, serious results are often avoided by proper first aid given immediately and followed by competent medical attention.

THANKSGIVING TO SEE GAME BETWEEN TEAMS

The Canyon Eagles Go to Finals for the District

McLEAN IS STRONG

Big Crowd With Band to Invaade Canyon—Near Equal Strength

The district championship of No. 1, class B will be fought out at Buffalo Park Thanksgiving afternoon at 2:30 o'clock between McLean and Canyon. The two teams won the right to participate in the finals Friday afternoon when McLean defeated Shamrock, while Canyon was defeating Hereford.

Both teams are reported to be in the very best condition of the season, and the game is expected to be the biggest thrill that has been offered in Class B this season. The teams have been put through hard training since their advance to the finals, and when the whistle blows Thursday afternoon the spectators will witness 22 men in the best physical condition, thoroughly alert to the seriousness of the afternoon's duties, and determined to win the pending fray.

McLean will bring the biggest bunch of rooters that has visited Canyon this year. Included in the group will be the McLean band which has won distinct honors for our neighboring town.

Comparative scores are found only so far as the Happy and Claude games are concerned. McLean was able to run up larger scores against both of these teams than was the Eagles. Whether Coach Barksdale was willing that his Eagles merely win these games without piling up a lead, while the McLean bunch extended themselves in these frays is yet an undetermined question. At least those who have seen McLean in action admit it is a well balanced team, with plenty of fight.

The Eagles have made a wonderful record this year, starting with comparatively a new and untried team. It is a compliment to both coach and players that the finals have been reached.

The admission will be 50 cents for adults, and 35 cents for school children.

Chamber Commerce Will Elect New Officers Monday

Annual election of officers for the Canyon Chamber of Commerce will be held next Monday night at 7:30 o'clock at the district court room.

President T. C. Thompson urged this morning that every member of the Chamber of Commerce be present to hear reports from the officers of the activities during the past year, and to participate in the selection of officers for the coming year.

All business and professional people of Canyon are cordially invited to the meeting, stated Mr. Thompson.

LOCAL BOYS FREED

Morton Angel and Duncan Thomas were found not guilty in district court in Potter county on the charge of car theft. The case was tried before a jury in the court of the 47th district.

Miss Martha Lee Donelson of Amarillo spent the week-end as the guest of Miss Irene Presley here.

Stores to Close Thanksgiving

Practically all of the business houses of Canyon will close Thursday for the annual Thanksgiving holiday.

The afternoon has been dedicated to the Canyon-McLean football game, which promises to be the classic event of the gridiron for the football fans of the Panhandle.

THANKSGIVING.

Thanksgiving time is with us again. The annual day upon which we are to take a sort of inventory of ourselves, and of our surroundings, so far as our material and spiritual blessings are concerned, is an event in which all of our people take peculiar interest. It does us a great deal of good to check up on ourselves and see just what we as individuals are accomplishing, or failing to accomplish.

Of course there are a lot of people in the world today who have little for which they can truly be thankful on this Thanksgiving Day. That is always true. Perhaps there are many, many more today than usual.

So far as Randall county is concerned, there are few who can really say that everything is against them, and that they can find nothing for which to be thankful. There are few people in this community who cannot truly thank God today for what they have, instead of being remorseful for failing to have the things which they think they ought to have.

There is plenty of food for all. There is an abundance of good, pure air, and sunshine, with clear sparkling water, which has brought usually good health to the county. There have been fine rains for the growing crops.

There are 7,000 good neighbors, whom we call friend, and who sympathize with each other in distress, and smile with us in our happiness. They are a liberty loving, God-fearing people—no better to be found on the face of the earth.

It's true that no one has any extra cash. Likewise in abundant times, the majority of the people have not all the money they would like to have. Likewise, this is not the first time money has been scarce, and neither will it be the last time that money will be hard to get hold of. There is still some money left, a little for all, and not too much for any.

Just be thankful today that we have so many blessings which are so evident upon every hand, and thank God that it is no worse.

THANKSGIVING DAY.

Except for wild game the pilgrim fathers had little to be thankful for, from the modern viewpoint, in the way of food supplies

when the colony held its first Thanksgiving Day feast. However, Governor Bradford's history states that because of their harvest, which was equivalent to a peck of meal for each person per week, there was great rejoicing and many of the colony wrote to friends in England boasting of their plenty. Were modern civilization to go back to the crude tools used for raising that crop it would perhaps be possible to have the peck of meal, but with wild game now mostly lacking the outlook would be far more unfavorable than the present situation of an abundant food supply suggests.

It was in 1621 that the first Thanksgiving was observed in this country, however the idea is not purely American in origin, since in England for many centuries the Harvest Moon supper has been celebrated. To these the landlord invited all of his tenants to come feast with him when the harvest was completed, and it was this custom which inspired the New England colonists to set aside a day of Thanksgiving and feasting at the completion of their first successful harvest in New England. This was in 1621 and in 1663 Lincoln decreed the last Thursday in November should be set aside as a national holiday. It is a season of homecoming, a season for renewing happy memories and relationships. Let us all join in the spirit of Thanksgiving.

The Palo Duro canyon exploring party left on Wednesday morning with the intention of being out ten days or longer. It was composed of County Judge Henson, R. A. Terrill, C. T. DeGraftenried, M. S. Lusby, J. B. Dickinson, Sam Lofton, J. L. Prichard and Tom Myers. The last named, Tom Myers, is quartermaster, having charge of the wagon, bedding and supplies. The intention is to go by wagon to the Falls, when the party, less the quartermaster, will take it a-foot in the canyon, the wagon going along the top or near there trusting to make connection again at night.

Promise Boys
Rare Thrills

AMERICAN BOY-YOUTH'S COMPANION readers are due for a rare adventure thrill in 1933, according to word just received from America's favorite boy's magazine. Boys will welcome the news that a modern Robinson Crusoe story, in which two boys and a man battle with savages and build a civilization with their bare hands, is on the way!

In this story the three heroes escape into the depths of the Amazon jungles; there they are stripped and left to die by hostile natives; and there, from the natural abundance of the jungle, they build their fortress. From advance notices, it's a story readers will never forget!

Other good things, we learn, are on the way in THE AMERICAN BOY-YOUTH'S COMPANION for 1933. Adventures in all parts of the world; stories of school and college; helpful stories of the professions; sports interviews with famous coaches and players; vivid articles on travel and science.

We suggest THE AMERICAN BOY-YOUTH'S COMPANION as an ideal present for that son, nephew, cousin, and neighbor. It's a character-building, imagination-stirring present that renews itself every month in the year. An attractive gift card bearing your name will be sent to the boy if you request it. Subscription prices are only \$2.00 for one year or \$3.00 for three years. At the latter rate the magazine costs only a dollar a

year. Mail your order direct to THE AMERICAN BOY - YOUTH'S COMPANION, 550 W. Lafayette Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

BUSY NUMBER.

I suppose it is not irrelevant to say that practically all candidates receive some help in preparing their public documents. In the case of a certain Mayor of New York of several years ago, it was necessary not only to write the speech but to spell the longer words phonetically so that he could pronounce them. He was so dependent upon these prepared scripts that on one occasion at a patriotic banquet he astonished all listeners by declaiming, "What we need is more of the spirit of one-seventy-seven-six."—New York World-Telegram.

THANKSGIVING
DAY

This has been a year of health; of peace and love and contentment. Our lives have been guarded over, our homes have become dearer, our hearts have gone out to one another. As a nation, we have borne witness to the fact that the spirit of man and the happiness of man are not at the mercy of a dollar sign. For all of these things, let us give thanks.

BE THANKFUL

AND PREPARE YOURSELF TO TAKE
ADVANTAGE OF THEM

The Puritan Fathers were thankful for the opportunity to build—to expand. With building came commerce. With commerce came banking.

Banking is one of the corner stones of success, both for the individual and for the community.

Lay your foundation on a successful basis. Bank your money. There continues to be opportunities in increasing size for the man who can take advantage of them. Money is frequently necessary to take advantage of the opportunities offered you. Prepare for them.

Lorado Taft Is Feted by Phidians And Faculty During His Visit Here

Honoring Lorado Taft, America's foremost sculptor and art critic who lectured Saturday evening as a feature of the lyceum course of the West Texas State Teachers College, a series of social events were given Sunday by faculty members and friends of the distinguished artist.

Outstanding among the affairs was the seated tea given Sunday afternoon by members of the Phidias Art Club of the college at the lovely home of Miss Mary E. Hudspeth, member of the faculty.

Guests were received by Miss Isobel Robinson, Miss Miltia Hill and Miss Hudspeth and were introduced to the sculptor by Miss Beth Blythe of Pampa, president of the Art Club.

Lighted candles lent an atmosphere of grace and charm to the occasion and bowls of mixed flowers were attractively placed throughout the entertaining rooms. The table was laid with an exquisite lace cloth, centered with a bouquet of chrysanthemums and lighted by candles.

During the hour, Mr. Taft graciously consented to give a short talk on the work his pupils have accomplished the past year, using as illustrations photographs of "Peep Shows" showing dramatic moments in the lives of Donatello and Ghiberti. These shows are made by Mr. Taft's pupils and are sent out to schools for exhibits.

Two piano numbers, for Elsie, By Beethoven, and Minuet (Don Juan) by Mozart were given by Miss Gwendolyn Black.

Special guests other than members of the club included: Mr. Taft, guest of honor; Mr. and Mrs. Wallace R. Clark, Miss Hattie M. Anderson, Dr. and Mrs. Harris M. Cook, Dr. B. F. Fronabarger, Miss Angie Debo, Miss Mattie Swayne, Miss Hudspeth, Miss Jennie C. Ritchie, Miss Novella Goodman, Miss Ruth Lowe, Miss Helen White Moore, Mr. and Mrs. Virgil Dodson, Miss Opal Scott, Miss Cleo Holmes, Miss Thelma Brummett, Mr. and Mrs. D. A. Shirley, Wayne Griffiths and A. W. Mack.

Informal Affairs

Sunday morning a small party of friends met at the home of Miss Mattie Swayne to honor Mr. Taft with a breakfast. Among those present was Mr. A. W. Mack, outstanding artist of the Panhandle, who chatted with Mr. Taft concerning mutual friends and acquaintances in England and Scotland.

Miss Isobel Robinson, head of the Art Department of the college, entertained Mr. Taft with luncheon at noon Sunday.

Miss Robinson and Miss Miltia Hill entertained with a 7 o'clock dinner that evening at the Capitol Hotel in Amarillo complimenting the visitor who left immediately following the affair for Ada, Oklahoma to fill another engagement on his lecture tour.

Those seated for dinner were: Mr. Taft, Miss Jennie C. Ritchie, Miss Helen White Moore, Miss Mattie Swayne, Miss Hattie M. Anderson, A. W. Mack and the hostess.

LARGE CROWD HEARS MR. STUDER

The lecture of Mr. Floyd Studer, of Amarillo, on "The Testimony of the Rocks," last Sunday night, at the Episcopal Church, attracted a large and interested congregation, filling the little chapel to its capacity. He read in the rocks a record of the belief of the most primitive races in God and in immortality; and, in a lecture that was almost a poem in the beauty of its diction, he made his hearers feel that the real scientist is one of God's most faithful servants.

After the lecture, over sixty persons met Mr. and Mrs. Studer at the Little House of Fellowship, where, over a cup of tea, those present expressed to the speaker of the evening their appreciation of his wonderful message. Mrs. Page was assisted in receiving her guests by Mesdames C. J. E. Lowndes, Mrs. David Thomas, Mrs. Geraldine Green and Mrs. C. A. Perle; and tea was poured by Miss Helen Hickman. A group of young girls assisted in the serving, and a memorable hour was spent.

JOHNSON H. D. CLUB WITH MRS. RAHLFS

The Johnson Home Demonstration Club met with Mrs. O. H. Rahlfs on Tuesday of last week, in Achievement Day. Thirty-five members and friends were present. T. C. Thompson and W. H. Upchurch made interesting talks on gardens and club work.

The club enjoyed the splendid H. D. Pantry of Mrs. Arthur Miller, which indicated the great interest she was taking in the club work.

Coffee, cocoa and cookies were served by the hostess.

WOMAN'S BOOK CLUB HEARS LECTURES

Original papers presented at the meeting of the Woman's Book club last Wednesday afternoon carried a wealth of informative and descriptive matter.

Mrs. D. M. Stewart gave a talk on the Federated Club Health Day, in which she brought out its purpose and value, telling something of the meeting of the State Board of Health.

Mrs. Geraldine Green and Miss Florence McMurtry continued the discussion of national highways. Mrs. Green told of the Dixie and Bankhead highway from Savannah, Ga., to Vicksburg, Miss., discussing points of interest along the way.

Miss McMurtry told of the highway from Vicksburg to San Diego, Calif., speaking briefly of Dallas, Fort Worth and El Paso, of Texas in general and the Panhandle in particular.

CLUB REPORTERS TO HEREFORD THURSDAY

"Accuracy, purpose, story and information" were the four main points discussed by Mrs. Cunningham, the Associate Editor of News Extension Service from College Station at the meeting of Club Reporters held in the Deaf Smith County court house, Thursday, November 17.

The county federated club women served lunch to those attending the school.

Randall County was represented by Miss Sadie Kate Bass, County Home Demonstration Agent, and five club members: Mrs. D. C. McCormick, Mrs. J. W. Watson, and Miss Marie Dorman from Zita Club; Miss Colly Burrus from West Side Club; and Miss Bessie Blanton from Lakeside Club.

Miss Minnie Mae Grubbs, District Home Demonstration Agent from College Station was a special guest for the day.

MRS. McCARTER ENTERTAINS THURSDAY

Mrs. T. B. McCarter entertained Thursday afternoon with five tables of bridge at her home 1819 Fifth Avenue. Giant yellow and pink chrysanthemums were attractive in the rooms where the games were in progress. A delicious salad course was served at the refreshment hour.

MISSIONARY SOCIETY IN BUSINESS MEETING

The Methodist Missionary Society will have its regular monthly business meeting Tuesday, December 6, at three o'clock at the home of Mrs. R. McGee. Mrs. R. E. Foster will be leader.

EPISCOPAL CHURCH

Rev. Warwick Aiken, of Dallas, who recently filled the pulpit of the Episcopal Church in Canyon, and made many friends, will preach here again next Sunday night, at the same place, at eight o'clock.

Mr. Aiken's own deep personal religious experience gives his message a special appeal, particularly to young people, and it is hoped that a number of students and their friends will hear him on this return visit.

BEATING THE DEPRESSION.

"Yes, me and Bill are in partnership in this selling game, but we don't carry the same goods."

"Explain yourself."

"Well, Bill goes around selling a stove polish that leaves a stain on your fingers, and two days later I go around with the only soap that will take it off."

VICARIOUS FAME.

"Why don't you take a holiday and go fishing?"

"Why should I?" rejoined Senator Sorghum. "I can send a secretary fishing, and let him announce the catch publicly, while I remain at home and take some much-needed rest."—Washington Star.

IMMOBILIZING BOSSY.

The little city girl stood and watched the farmer milk the only cow he had. The next morning the farmer was much excited, as the cow had been stolen during the night.

Farmer: "Drat the thief that stole that cow. He's miles away from here by now."

Little Girl: "I wouldn't worry, 'bout it, mister, they can't get so far away with it, 'cause you drained her crank-case last night."—Mutually Funny.

TORTURE YOUR NEIGHBORS

"People who live in these apartment buildings don't know anything about each other, I hear," said the man from the country.

"No," replied the flat dweller, "but you can't have cabbage for dinner without everybody else in the building finding it out."—Cincinnati Enquirer.

ONLY NOVICES ADMITTED.

"But," protested the new arrival, as St. Peter handed him a golden trumpet, "I can't play this instrument; I never practiced while on earth."

"Of course you didn't," chuckled the saint. "That's why you are here."—Legion Weekly.

A REAL CAUSE FOR THANKSGIVING

When we stop to realize that the Pilgrim Fathers who instituted Thanksgiving Day had had only a bare existence during the preceding year, and had lost many of their loved ones under the early hardships, we really appreciate the blessings of our times.

Mindful of this contrast we enter into the observance of Thanksgiving Day in a spirit of sincere thankfulness.

Original Jackets Brighten Winter Togs

TWO-MATERIAL SUITS NEED NOT COMBINE SAME COLORS; A STRIKING COLOR NOTE IS SOMETIMES PREFERABLE

BY HARRIET

CONTRASTING jackets of original design are adding great chic to the winter clothes that appear now.

None of them is as casual as the ubiquitous cardigan was a few years ago. No two of them are alike, either. For it is an individual touch, this jacket business, and every evening dress or sports outfit that owns one must have it made as a complementary bit of apparel.

Having your jacket and skirt different fabrics was always a mode that the skilled dressers excelled at. To those in the know, a smart suit that has a novelty woven skirt and plain jacket or vice versa, is tremendously interesting. Particularly if it is done right.

The trick in this type of day costume is to have it so smartly made that there is no question that it might be a make-shift. You do not even need to combine the same colors in your two-material suit. Sometimes a striking note like a yellow or a red jacket or a black one looks simply wonderful with a novelty tweed skirt and matching blouse.

ONE of these new sports suits is a Chantal model, designed for winter resort wear. The skirt features a rough, knobby tweed in black and white and the jacket is of light yellow pelted, a new wool. It makes a striking color combination which is delicious. The hat that tops this suit is black, as are all the accessories.

The skirt is made gored enough to give a slight flare. The jacket is made to a high hip line, with rows of diagonal tucking across front and across the sleeves, running slantwise to give greater smartness. It has revers that fall open to show the cute little blouse of hand-knitted wool in the same shade as the jacket.

Evening jackets that are of different color from the dress are very new and give a grand color accent to a costume. Schiaparelli

The rough, knobby tweed skirt in black and white, shown at left, is combined strikingly with a jacket of light yellow "pelted." The hat is of black felt. A port quilted silk jacket tops the sheer ribbed wool evening dress shown at right. The jacket is in a light hyacinth shade, with the lozange pattern and the dress in a matching darker hyacinth.

uses two shades of the new hyacinth blue most effectively in this manner.

THE dress itself is one of the latest wool evening dresses. It is made of a sheer ribbed wool in Schiaparelli's new dark hyacinth blue which is a very rich, handsome color. It has fitted lines and a square front décollete, with a very low square backed one that grows narrower at the waistline. It is belted in a little leather belt the exact shade of the dress.

Over this is a quilted jacket in light hyacinth blue with a lozange pattern in the darker blue of the dress, which makes a handsome costume. This jacket is one of the cutest of the season. Made with huge full sleeves that taper into a narrow cuff, it is made with rolling revers that continue to fashion a little standing collar in the back. It is a brief little gadget, the jacket, coming only to the waistline. It makes the whole costume an arrestingly lovely thing.

ZITA P. T. A. HAS
AMARILLO GUESTS

The P. T. A. of the Zita school had as their guest, Saturday evening, fifteen Kiwanians of Amarillo. Miss Hastings, our teacher and the school children gave a very interesting program.

The first number on the program was a four-act play, composed and presented by the history class, showing the landing of the Pilgrims and the hardships they endured the first winter in their new homes. How the Indians were friendly and showed them how to plant crops. Then the harvest and the first Thanksgiving.

After this came a tableau honoring the flag.

Then the program was turned over to Chas. Stewart and he introduced the guests and we had a few words from each of them. Music during the evening was furnished by J. P. Upchurch, Mrs. H. R. Fulton, Mr. Joe Foster, and Mr. E. L. Moon.

After the program the refreshment committee composed of Mrs. H. R. Fulton, Mrs. Chas. Dixon and Mrs. John Moody served refreshments of turkey sandwiches, pickles, potato chips, cookies, mints, coffee and cocoa.

MRS. HUMPHREYS
ENTERTAINS CLUB

Entertaining the 1930 Club, Mrs. John S. Humphreys was hostess to three tables of bridge at her home 1810 Third Avenue. Roses, narcissus and asters formed an attractive background for the game tables in the entertaining rooms.

Delicious refreshments were served to the following: Mrs. C. H. Jarrett, Mrs. Clyde Warwick, Mrs. R. A. Terrill, Mrs. D. A. Shirley, Mrs. Chas. Burrow, Mrs. M. S. Bishir, Mrs. S. L. Ingham, Mrs. J. M. Redfern, Mrs. W. R. Clark, Mrs. Travis Shaw, Mrs. T. H. Knighton, and Mrs. Bob Pipkin of Hereford.

Mr. and Mrs. C. N. Harrison returned Sunday from an eight days trip to Hutto, Austin, San Antonio and Dallas where they visited relatives and friends.

Senator and Mrs. Clint Small of Amarillo were in the city Saturday.

Mrs. A. B. Martin of Amarillo visited here Tuesday.

PROGRAM FOR DECEMBER
OF MISS SADIE BASS

Miss Sadie Kate Bass announces that due to the heavy office reports to be made during the next month, she will be unable to meet with the clubs at her regular dates. However, the following special meetings will be held for the purpose of giving rug-making demonstrations:

Dec. 6th, Mrs. Fred Fegel, for Lakeside, Parks, and Zita Clubs.

Dec. 7th, Mrs. A. N. Burgan, for Edgetown, Jowell, West Side and Hyland Clubs.

Dec. 8th, Mrs. R. B. Gist, for Center View, Tierra Blanca, Johnson and Sunny Hill Clubs.

Dec. 13-16, Recreational Training School at Panhandle.

Dec. 17, Office.

Miss Bass will attend a District meeting of Home Demonstration Club agents at Spur from Sunday to Thursday of next week.

PARK H. D. CLUB
MEETS THURSDAY

Park Home Demonstration club met Thursday afternoon at the home of Mrs. O. E. Sherer with Mrs. W. E. Bennett, parliamentarian, presiding.

After the minutes were read, a report was given by Mrs. Ed Armstrong on the meat canning demonstration.

The remainder of the afternoon was spent in holding an election of officers. Mrs. Bennett was chosen president; Mrs. Chas. Benton, vice president; Mrs. Elmer Winters, secretary-treasurer; Mrs. Turpin, parliamentarian, and Miss Lucy Bennett, reporter.

Refreshments were served to thirteen members.

"Lame Duck" Act, If Ratified, Will Cut
43 Days Off Roosevelt's Term

FRANKLIN D. ROOSEVELT,

who enters the White House next March, may have been elected to a shorter presidential term than any president in history. If the proposed 20th ("lame duck") amendment to the Constitution is ratified by 36 states in time to affect his term of office, it will shorten the term 43 days. And all signs point to the amendment's adoption next year, already 17 of the necessary 36 states have ratified and none has rejected it.

While the shortening of his term may seem a trifle hard on our next president, many believe that adoption of the act will be a good thing for the country.

The "lame duck" system is more than 100 years old—a product of the stage-coach period. Back in those days, weak news-distributing facilities kept the country from learning the results of elections for several months. And it was another similar period before legislators could be transported from their homes to the national capital.

Thus, it was not practicable for a new Congress to meet soon after election. So it came about that the old Congress functioned for several months—that is, until March 4—after the November elections. Since there was no provision for a special session of Congress, unless it was called by the president, a new Congress would not meet until 13 months after election. (Congress meets annually on the first Monday in December.)

The disadvantages of this set-up have become increasingly apparent over the years. One objection to the system was that a Congress often was elected on one issue, to legislate on entirely new issues not before the country 13 months earlier.

Then again, where the big issue in the election was still vital when the new Congress convened, there was the long delay in making effective the will of the people. Besides, a "lame duck" session means four months of business stagnation and general uncertainty as to new presidential policies and new tariff rates.

Another important objection to the system was that it tempted outgoing congressmen to disregard the public good for their own profit. In the short session after elections, many "lame duck" senators and representatives in the past have voted for measures favored by

The states which have already ratified the 20th ("lame duck") amendment, which enables newly-elected presidents and congressmen to take office shortly after election, are indicated in the map above. Senator George W. Norris of Nebraska, sponsor of the amendment, is shown below.

those who were able to bestow on them political or other rewards.

For many years liberals and progressives in the government have fought to eliminate the "lame duck" sessions. It was not until 1923 that they had their first glimmering of success. In that year the Senate passed a constitutional amendment, sponsored by Senator George W. Norris of Nebraska, which proposed to abolish the lame duck session, advance the date of the president's inauguration from March 4 to Jan. 20, and make the terms of the congressmen begin Jan. 3 instead of March 4.

The House of Representatives voted it down. Then, in 1924 and 1926, the Senate passed the amendment, and again, both times, it failed to get past the House. It was not until March of this year that Congress finally adopted the Norris amendment, and sent it out

to be ratified by the necessary 36 states.

THE states which have already ratified the amendment are Arkansas, Mississippi, South Carolina, Illinois, Kentucky, Virginia, Michigan, New York, New Jersey, Maine, Rhode Island, Alabama, Louisiana, Pennsylvania, Indiana, Texas and West Virginia, 17 in all. With the legislatures of 29 other states meeting in January, and only 19 more ratifications needed, it is confidently predicted in most quarters that the 20th amendment will be in effect long before another Congressional election will be held.

No matter how soon it is ratified, the new president and Congress elected on Nov. 8 this year, will begin their terms as usual on March 4, 1933. Prompt ratification, though, will result in shortening these terms.

THE HOME TOWN PAPER.
The Journalism department of the University of Southern California has been delving into the buying habits of newspaper readers and has made some valuable discoveries. Subscribers to the home town paper buy from 12 to 21 per cent more merchandise from local stores than non-subscribers. Of the people in neighboring rural or smaller communities, subscribers buy from advertisers from 9 to 35 per cent more merchandise than non-subscribers. This holds true, regardless of spending power. The local newspaper, it is estimated, makes one of the largest, if not the largest contributions to volume of trade in the smaller cities of California, and doubtless in the other states. The relation of the newspaper to the business world is more vital today than at any time in the past decade. The investigators are convinced that retail business in the small communities would be from one-fifth to one-fourth below its present level without the push given it by newspaper advertising. "In such economic conditions as we have today," says the report, "the local newspaper is an inestimable asset to the entire community. Not only is it a reservoir of local and national information

but through its ability to increase consumption of local goods, it stands out above any other institution in community building value. It can also be verified that without such advertising merchandise in itself would be less dependable in quality and price, to say nothing of the effect upon trade ethics and practices. For without advertising, there is no opportunity for the consumer to make comparisons of either goods or prices." The local newspaper has to make quite a struggle against the big city competitor. If local citizens appreciate its value to them they would give it whole-hearted support.—Post-Bulletin, Rochester, Minn.

EAGLES WIN OVER WHITEFACES

WIN OF EAGLES FRIDAY AT HEREFORD PLACES TEAM IN DISTRICT CHAMPION GAME

The Canyon Eagles won the right to play McLean in the District Two titular bout by defeating the Hereford Whitefaces at Hereford Friday by the score of 13-0.

Although the Whitefaces played good football and amassed 5 first downs to Canyon's 3, they did their good playing in the center of the field, failing to have the required power near the goal line.

Russell, Hereford's quarter, played the best game on the field, but when the right moment came, he lost control of the situation and the steady Eagles put a stop to his hopes. Baker played a good game for Hereford.

Thomas engineered the Eagles well. Satisfied with the 13 points amassed in the first quarter, he led the Eagles through a good defensive game for the last three. T. Cox and L. Brasuel did excellent defensive work.

The first counter was made on the first play after the kick-off. Thomas taking the ball through left tackle for a 63-yard sprint to go over. Ten plays later, Elliston took Russell's pass on the Canyon 30-yard stripe and raced 70 yards and over, covered by excellent interference. Canyon threatened to score twice more on intercepted

passes, but failed to push the ball over. T. Cox took Russell's pass on the 20, and Miller took another Hereford pass on the 40 and ran to the 34. The Eagles failed to make a first down after either of these threats.

Hereford threatened only twice, once the Eagle line held and Thomas punted out of danger, and the other time Russell fumbled and the ball fell over the goal line for a touchback.

The line-up:

Canyon To Be Well Represented At Teachers Meet

The Texas State Teachers Association will hold its annual meeting during the Thanksgiving holidays at Fort Worth.

Teachers from all over Texas are invited to attend and hear noted speakers and educators.

President J. A. Hill of West Texas State Teachers College, is the retiring president of the association. He has put forth an excellent piece of work this year, according to Mr. Carruth.

A number of Canyon teachers plan to attend and the local teachers promise to be well represented.

Meet Our Men

The purpose of this article is to acquaint the people with the Eagle players and the past grid record of each man.

First in line will be Francis "Scoop" Elliston. "Scoop" plays left end and his playing number is 23. He is always easy to see because he is either snagging a pass or making a tackle. He was a squadman of 1931, but saw very little service. "Scoop" received his "back slapping" last year after the Armistice game. In this game he intercepted a Claude pass and raced 60 yards for a touchdown. Look out for "Scoop," here he comes!

Leonard Brasuel, the Eagle captain, plays left tackle. Leonard is one of the best tackles ever to tread the Eagles' domain. He is a two-year letterman and a potential candidate for all district honors this year.

Left guard, one of the hardest positions in the line to play, is played by one of the best class B linemen in the state. He is none other than Tyson Cox, that hard hitting giant, number 33, who is in three-fourths of all the plays. Tyson is a one year letterman and almost a sure choice for all-district honors.

J. M. Black, that scrappy little fellow who intercepts those passes, plays center. J. M. was a squadman of '31, but not a letterman.

Owen Miller, right guard and captain in 1931, is a man who is hard to outwit in any phase of the game. Owen has been injured most of the season, this keeping him from being so noticeable. He is a two year letterman.

Right tackle and George Brasuel make a combination that is hard to beat. George is a one-year letterman, but nevertheless he has been setting things on fire this year.

Austin Cone, the lightest man on the regular squad, is also one of the outstanding men in the line. Austin has not seen much service this year on account of injuries. He was a squadman of 1931.

F. A. Thomas, the Eagle pilot and mainstay is one of the best backfield men in the district. His passing, running and kicking is the main reason the Eagles have gone through the season undefeated. F. A. was a squadman in 1931. At the beginning of the current season he was converted from a linesman to quarterback.

Ogden Stroud, a 1931 squadman, has proven himself to be an excellent line plunging and blocking back. Ogden plays left half.

Johnnie Wilson, the pass blocking back, who was responsible for Hereford's unsuccessful aerial attack last Friday, is a sophomore and one of the most promising future backs for Canyon. Johnnie was a squadman in 1931. He plays right half back.

Wade Johnson, another sophomore is the Eagle fullback. Wade was a 1931 squadman. He received an injury in the Hereford game and will probably be kept on the bench in the championship game Thursday.

Sewell Cox, the boy who ran wild against Vega in the season's first game, is a freshman, and probably one of the most promising backs in Canyon's history.

Joe Collins, that boy who looks like he is on stilts, is playing his first year of football. Joe is a reserve right end.

Alton Brasuel, a reserve linesman, was a 1931 squadman. Alton is small, but the opponent knows when he hits them.

T. V. Slack, the utility man of the squad, has proven that he can do anything that he has tried. This is T. V.'s first year of football. He is a junior.

Everybody seems to know what everybody else ought to know and only a few know all that they really ought to know.

Dedication

To the Eagles of 1932, this issue of the Eagle's Tale is dedicated by the staff.

Not since 1928 has a team in Canyon High School gone so far in the race for District Championship. If there are those who feel there has been a greater team, there could certainly be found no voice which would say, "There has never been a team in the history of the school which with the experience that the present team possesses, has, at the same time, put such a valiant and wholehearted struggle for District Championship."—Editor.

FOOTBALL

What is football and why do we play it? Perhaps to some this may seem a foolish question; yet many who know the game thoroughly sometimes forget the important part that football plays in the life of our high school. Webster says, football is an outdoor game in which two teams, usually of eleven players each, try to carry or kick an inflated ball to or across the opponents' goal.

This game which is so defined has become a vital part of our school, because there are many boys who go to school and get a high school education who would not attend school if they couldn't play football. In order to play on the team, they must make certain grades.

Again, football develops the physique of the boys. Although a few of them get injured, not usually badly, as a whole, they receive more good than harm from their football training.

There is a certain comradeship developed by the boys, the whole student body, and the faculty that would not be possible if it were not for our football games and school rivalry.

These games create a feeling of loyalty for their school that otherwise the students wouldn't have. They bring out the best qualities in a person and broaden his sense of sportsmanship.

Faculty Meets

The faculty of Canyon Public School plans to meet in general meeting once each month throughout the year.

Each meeting will open with a round table discussion of current topics published in a recent scholastic magazine, a program and then a short social hour.

The meeting Thursday, Nov. 7, was in charge of Mrs. C. E. Strain, Mrs. Cousins and Mr. Barker, the chairman. The subject was "School Publicity" and was treated as a round table discussion.

The program consisted of a talk, "The Value of School Publicity to the School," by Mrs. Strain; "The Value of Publicity to the Community," by Mrs. Cousins; and "Our Methods of School Publicity," by Mr. Barker.

The social was in charge of Miss Dickenson, Miss Clark and Mr. Fox.

Clubs

The letter boys and girls have organized a C club and have chosen Coach Barksdale for sponsor.

Austin Cone was elected president; Dora Mae Plaster, vice president; Arma Lee Greenfield, secretary and treasurer.

The motives of this club are to correspond with other schools and find out what they are doing for their athletics.

At the last meeting of the Boys' Athletic Club, programs for the following year were discussed.

Tyson Cox, the president, took an active part in the discussion. F. A. Thomas is the vice-president and Owen Miller the secretary and treasurer.

Coach Barksdale has charge of this club. The club is growing under his care.

Educational Week Discussed at P.T.A. Meeting

The Parent-Teachers Association met Thursday, Nov. 17, in the high school auditorium. A program in honor of the national education week was given by a group of high school students. This program was presented the preceding Wednesday in assembly period. It consisted of a musical number by Gladys McBride and talks on various periods of American schools by Marvin Callahan, Kathryn Robinson, Maxine Middleton, Louise Wester and Arma Lee Greenfield. A business meeting conducted by Mrs. Robinson, followed.

Chapel

A very interesting football program was held in chapel Wednesday.

Mr. Carruth in remarking about the sportsmanship of the coming Canyon-Hereford game said, "Hereford is one of the nicest teams we play. We always have the best courtesy from Hereford."

Louise Wester impressed upon the students that their actions at ball games always reflect the kind of school we have. She also expressed the student body's appreciation of the pep girls and to the people backing the team.

Maxine Middleton brought to mind the importance of each part of the game such as, the stunt, pep squad, feeling of loyalty, scores, substitutions, yells and the everlasting trust and faith.

Mabel Schmitz and Edith Steen gave two tap dances followed by yells by the pep squad.

This program brought back to the minds of the students that each little part of everything must be done well.

Queen Elected

Edith Steen, a sophomore, was elected football queen at a meeting of the football boys Monday.

Edith was chosen because of her loyalty to the Eagle squad and Canyon High School.

Eagles Meet McLean On Thanksgiving

The Canyon Eagles will be hosts to the McLean gridsters Thanksgiving Day, in a game that will decide the District Two championship.

McLean has a powerful team and this game will probably be the local's hardest game of the season. Everyone is urged to celebrate Thanksgiving Day by attending the game and backing the Eagles.

The game will start at 2:30 at Buffalo Field.

Ex-Stars

As we think back into the days gone by about the football boys who made the honors for C. H. S., we think of the boys of 1928, Dee Lowery, Walter Dubbs, Brewer Neal, John Gilliam, Otis Parker, Wright Campbell, Bill Redfearn, and Jake Watson, Dee Lowery and John Gilliam are now teaching school.

Then after the boys of '28, we think of the boys of '29, Clyde Covington, Rusty O'Donnell, Prentice Ballingee, Pud Cross, Henry Wiggins, Cow Williams, Jake Jackson, and Wayne Johnson. Prentice Ballingee and Cow Williams are now two of the Buffalo teams star players. Pud Cross and Henry Wiggins are now playing on the Southwestern Oklahoma College team and Wiggins carries off the honors of being the second Texas lad to be the captain of Southwestern's team. Wayne Johnson died from injuries sustained from a car wreck in the summer of 1931.

Can't you remember the days back in '30 when Pete Hazlewood, Ralph Cabe, Red Covington, Joe Jennings and Shiek McDaniels carried off the honors for C. H. S?

And now we come to the boys of '31, Broughton Hardin, Hosea Foster, Herbert Slack and Jim Cabe.

Now to the boys of '32, we have Wayne Tucker, Tom Gerald, Cleo Wright, Jack Cox, Wilford Taylor, Bobby Campbell, J. L. Hardin, Willard Middleton, Curtis Bell, Clarence Wooten, and Otto Walker.

All of you C. H. S. ex-students think back to the times we went to Hereford, Happy, Tulia, Floydada, and Silverton. Can't you remember the time we all went over to Hereford on the special train, and the times when we would get out of school to go to Floydada? Didn't we have fun?

We complain about the income tax but the heaviest tax is the outgo.

Reporter Spies On Football

Not so very long ago, a reporter got tangled up with the football boys going out to practice and couldn't get away until almost dark that evening. When the boys assembled in the dressing room, each one began to make their statements about "Where is my sock," "Somebody swiped my shoes," "Hey, guy, where is my sweat shirt," "Owen, help me with my sore toe," "Coach, who will win, Amarillo or Lubbock," "Coach, are there any strings in there," "I don't know about that, but ask Bob Black, he can tell you anything," "Johnnie shut up that loud talking or somebody will be down here on your ear."

The boys all file out on the football field, with Johnnie on the end on account of his ankle. Then the warming up exercises began and then the real work-out. And as the football boy expressed it, "It's then that you remember those sweet cakes and candies you've eaten, for they surely come up again."

During the practice the boys were heard to say, "I wish this ground wasn't so hard; I wish Coach was in my place now, he wouldn't work us so hard," and "Tyson, get off of me, you're hurting my head."

Back in the shower-room, Scoop pestered everyone and Coach came in and beat all the boys to the showers. While the showers were going there was a general uproar of "Help me pull this off," and "Lend me your comb," "Boy wait for me," "Where you goin' to-night, Bob," and "Don't hit me there, I'm sore." Then just like a thunder clap, Stroud yelled, "Where are my pants? If somebody doesn't give them to me, I'm goin' home without 'um!"

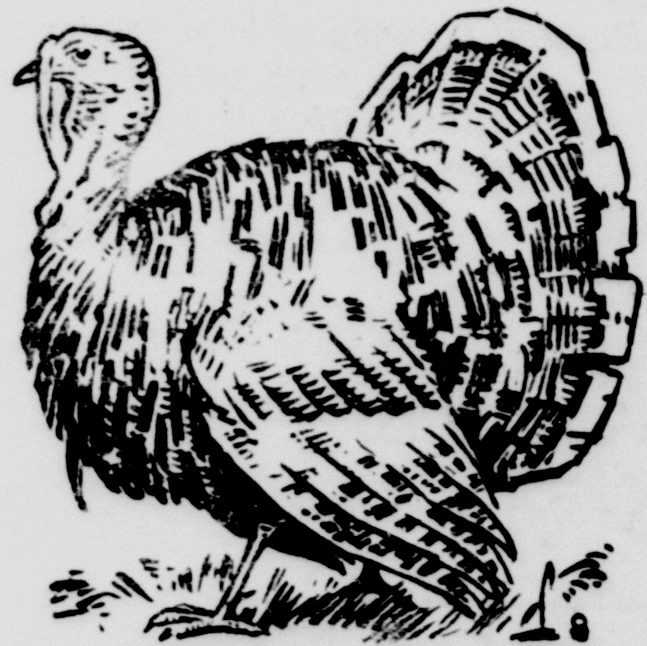

He did! As the reporter walked out, he asked Johnnie Wilson, how he liked all this hub-bub? and he replied, "All this noise and fussin' seems just right to us. Coach kinda likes it, but he tries to hold us down."

SCORE OF 19 TO 9

**Williams Goes Over for
Touchdown, and a
Safety Scored**

W. T.'s towering Teachers aroused a slumbering Goldbug Friday by scoring nine points in the first quarter, but the awakened huskies of Oklahoma City U. passed and ran their way to a 19 to 9 victory. The Buffaloes of West Texas started scoring in the first minute of play. Phillips, one of the game's stars, punted a beautiful 64-yard kick out of bounds on the Goldbugs' two on the first play of the game. Breedon, O. C. U. halfback, tried to punt, but the lanky Joe Fortenberry and at least six teammates swarmed him for a safety. Pass to Score

The Bugs put the ball in play on the 20-yard line and kicked out of danger. The Buffs failed to gain in mid-field, the ball going over on downs.

A 31-yard pass, Holt to Wade, placed the ball on the Texans' two-yard stripe from where Holt plunged over on the next play. Extra point was scored by place-kick.

O. C. U. kicked off, but Breedon fumbled on the Goldbugs' 15, the big Buffs recovering. On the fourth down, after three line plays had netted little yardage, Burk, Buff quarter, tossed to Williams, one of the day's greatest stars, who made a sensational catch in the end zone, Teague, a guard, place-kicked extra point.

Punt Exchange
Midway in the second period, Holt passed 20 yards to Leverich, Bug captain, to put the ball on the Texans' 20. Leverich then passed to Breedon who scrambled to the one-foot line. Breedon failed to gain on the next play, but on the second Holt plunged over just as the half ended to give the Sooners a 13 to 9 lead. The last half opened with an exchange of punts with West Texas getting the best of it and the Bugs making their only gains on Leverich's return of kicks. The third quarter ended with the ball in Texas' possession on her own 43-yard line.

Take To Air
Both teams took to the air in the fourth period. Following a 20-yard gain by Sweet, halfback, Leverich tossed to Wade to score the final tally of the hard-fought game.

Following this score, the Buffs sent in an entire new team. The Bugs received a punt and with a series of line plunges ambled to the Buffs' 10. But the fresh reserves tightened and the ball went over on downs. The game ended shortly after the Buffs punted out of danger.

AMERICA IS GOING AHEAD.

It is a relief to have something besides politics to talk about, now that the election is over. We are among those who believe that the United States of America will continue to travel along its predestined course regardless of politics and politicians. They and their activities may impede or reflect the course of events momentarily, but in the long run the destiny of this republic is in the hands of its people, and over these nearly one hundred and sixty years since we established our independence as a free nation, our people have always in emergencies, exhibited a sane, underlying common sense which, we believe, is still to be relied upon.

One of the things our pioneer ancestors in America learned was to take the bitter with the sweet. They endured hardships far beyond anything we of today can imagine, in their determined effort to establish homes for themselves and enduring heritages for their children in the new land. Sometimes we forget that everyone who lives in America is a descendant of an immigrant. We all of us come of adventurous pioneer stock. Some of us are only a generation or two removed from these ancestors who left their native lands because they could no longer tolerate the conditions under which they were compelled to live, and came to America in search of a new freedom. Some of us come from older stock that has been developed in America through generations. But whether we are the children of recent immigrants or the descendants of the earliest Pilgrims, we all have in our blood something of the same strain of independence and self-reliance, without which none of our forebears would have ventured to cross the ocean.

It is that spirit which has made America, and it is that spirit which will carry America forward to greater achievements than we have ever dreamed of.

Our Pledge for Thanksgiving

As we recount our blessings on this day of Thanksgiving, we are reminded that the deepest satisfaction is always to be found in Giving, rather than in Receiving.

We are thankful for the privilege of GIVING SERVICE—thankful for the privilege of providing an abundance of warmth for the homes of Canyon; thankful for the privilege of providing convenient, ready heat to replace the troublesome fire-building of former days; thankful for the privilege of giving the housewives of Canyon clean heat with no ashes to carry out and no pots to scour.

And we are thankful for the public confidence which has rewarded our efforts to serve.

So on this Thanksgiving Day we renew our pledge of service and of improving that service in every way possible.

West Texas Gas Co.

THANKSGIVING

—Recognizing that "God is the giver of every good and perfect gift," we turn our minds this day to Thanksgiving for the benefits that are ours.

—It becomes any human being to stop in his struggle for material goods and take account of the good that he already enjoys.

—Living in a land of peace and plenty, any man of these United States has reason for a grateful heart today. But most of us can also take into account our homes, the love of friends, shelter and food, health, educational advantages, and the freedom to pursue our highest good in the way that seems best to us.

—For all these material and spiritual benefits, we are truly thankful.

BASKETBALL TO BE GIVEN PREMINENCE

PRACTICE STARTS

Many Stars Are Back From Squad of Last Year

Having tucked their football togs away for another year, amongst mothballs and sentiments, the men of Burton are preparing to take up a game in the realm of sports at which they are seldom excelled.

The Buffaloes will begin basketball practice immediately with the season officially opening upon the return hieira from the Christmas holidays.

Enviably Record in Past

Phenomenal success has been the good fortune of Coach Burton during his career as basketball mentor at W. T. His teams have never failed to make enviable records, even in their worst years when they ended a season in third place in the T. I. A. A. standing which isn't a bad showing for any squad. They have never occupied a lower berth than third place.

Prospects for the coming season give no cause for early lamentations. The Big Coach will have four of last year's starters back again. Fortenberry, Colvin, Comar and Burk. In addition he will have five other lettermen, Richards, Morris, Stroud, Fitzgerald, and Monroe. From last year's reserves there will be Brotherton, Williams, Stowe, Spence, and Fowler. Eligible for varsity competition from the freshman ranks of 1931-32, Burton has Morgan, Boyd, Phillips, Davis, and Walker.

Schedule Not Complete

A schedule has not yet been completed for the season, but it is understood that tentative plans call for games with many eastern teams rating among the best in America. Also there will be contests with university squads of the Southwest Conference.

T. I. A. A. STANDING Conference Games Only

BUFFALOES IN LAST CONTEST

NEW RULINGS HIGH SCHOOL BASKET BALL

Mr. W. E. Lockhart and Coach S. D. Burton attended a conference of a committee of high school officials of District One of the Interscholastic League which met at Amarillo last Tuesday.

Mr. Lockhart is Director General and Coach Burton is Director of Athletics for District 1.

The conference was to devise a means of elimination in the annual basketball tournament costing less and placing less strain on the players than the old system of the "open" tournament held at W. T. S. T. C. each spring.

The system decided upon was to designate four sections in this district, each section to be composed of two sub-sections. Percentage elimination will be held in each sub-section. The winners of the sub-sections will play two out of three games for the section title, these winners going to Canyon to decide the District One championship by a double elimination contest.

Both Mr. Lockhart and Mr. Burton are well satisfied with the results of the meeting and the plans accepted which will take effect next year, 1933.

The following divisions were decided upon:

Division of District One
Section 1, sub-section A: Briscoe, Swisher, and Castro; sub-section B: Randall, Farmer, and Deaf Smith.

Section 2, sub-section A: Carson, Armstrong, and Donley; sub-section B: Gray, Roberts, and Hemphill.

Section 3, sub-section A: Oldham, Potter, and Moore; sub-section B: Hartley, Dallam, and Sherman.

Section 4, sub-section A: Hutchinson and Hansford; sub-section B: Ochiltree and Lipscomb.

Ray Wheatley and Mr. Ferguson of Amarillo attended to business in Canyon Tuesday.

Boone McClure of Happy is spending the holidays in Canyon with his parents, Mr. and Mrs. S. B. McClure.

Mrs. N. E. McIntire left Wednesday to spend the Thanksgiving holidays with her daughter, Mrs. Pat Whittington at Longview, J. W. Cole, his mother, and sister, accompanied her as far as Fort Worth.

Mrs. John Cooper and small son of McLean are visiting in the C. O. Cooper home this week.

Miss Dixie Harrison of Amarillo spent last week at the home of her brother, C. N. Harrison.

J. D. Barker was a business caller in Tulsa Monday.

W. I. Gamewell made a business trip to Hereford Thursday.

Life in the open is said to be good for one, but it's not healthful to keep your hands open all the time.

Three of W. T.'s Buffaloes donned a maroon and white football uniform for the last time Friday in the game with Oklahoma City University at Oklahoma City.

And in their last year all three are contenders for berths in the last all-T. I. A. A. mythical eleven.

All Seniors
Otis Burk, Bill McLendon, and Prentice BALLENGEE, outstanding players of the last three years, are seniors who will complete their work here this year.

Burk, fast and heady backfield man, directed the team from the quarterback position. This is his fourth year to letter in football. He will probably earn his fourth letter in basketball during the coming season, being a starter of last year in the guardian role.

McLendon, center and team captain, will receive his fourth letter in football. He has made a serious bid for conference honors the last three years.

Scholastic Honors Too

BALLENGEE, playing at tackle, deserves a conference post this year for his consistent brilliancy in the line. He has also made an enviable record in scholastic attainments, having been placed on the college honor roll several times. He is a member of the Lloyd Green Allen Scholarship Society.

The positions made vacant in Burton's squad by the graduation of these men will be difficult to fill. They have been the main cogs in the 1932 machine which has brought to W. T. honors such as it has rarely enjoyed.

MORE HOMES BEING BUILT

An increase of more than six per cent in the construction of residences and an estimated increase of nearly ten per cent in their costs has been reported by the United States Department of Labor. This is undoubtedly largely due to the enlargement of the Government's policy for financial aid to those who wish to own their own homes.

According to official information the share of labor in wages on building operations is 36.4 cents of each dollar that is expended.

Even though he's nowhere near a receiving set, a Polish engineer because of some radio-like faculty of his brain, hears a broadcast whenever it's on. If you believe you have hard luck, think of what he has to go through.

Ocean Floor Is Her Studio

Instead of water colors, Mrs. Gloria Craig, above, paints in hard water colors. A special process she has invented enables her to make colored paintings of sub-ocean scenes while she is under water. Mrs. Craig, who claims to be the only woman submarine painter in the world, uses a 200-foot diving suit, which leaves her hands free when she takes her descents into the sea.

John D's Grandson Weds

Two family lines, one distinguished by its great wealth and the other by its early American ancestry, were combined when Blanchette Ferry Hooker of Greenwich, Conn., was married to John D. Rockefeller III, at the Riverside church on New York City's Riverside drive. Miss Hooker, 23, is a direct descendant of Thomas Hooker, who founded Hartford, Conn. Her debut in 1927 was followed by her graduation from Vassar, and subsequent work in the Junior League. The 26-year-old grandson of the oil king is a Princeton graduate.

SHIRLEY BACK FROM MEETING OF REGISTRARS

SPOKE ON SUBJECT OF "THE SUMMER TRANSIENT," AT SESSION.

Registrar D. A. Shirley returned last Tuesday from Ft. Worth where he attended on Thursday and Friday of the previous week the twelfth annual convention and institute of the Texas Branch of the American Association of Collegiate Registrars.

The meeting was divided into three sessions. Mr. Shirley spoke at one of these on the subject of "The Summer Transient."

E. J. Mathews, registrar of the University of Texas was elected president of the state branch; Mrs. Mai Tippitt of Wesley College, vice-president; and L. H. Kidd of Southwest Texas State Teachers College, secretary.

The meeting place of the organization for next year was not decided upon.

It is estimated that America will run out of petroleum within the next 10 or 12 years. But as long as there are election campaigns, we shall have a supply of oil.

Find That Health Gains During Depression—Headline. Yes, we've noticed that a lot of people seem to be developing a permanent appetite.

Some men achieve greatness and others prefer to stay home and care for the children while their wives go to the clubs.

The man whose energies don't take the form of talk usually accomplishes more.

THE FIDDLER IS ALWAYS PAID

The Rotarian Magazine: In all lands wailing voices, strident voices, indignant voices are beseeching governments to reduce taxes. Business, crippled by lean years, looks askance at the tax rolls and asks for relief. It is not an inappropriate time for friends of peace to remind the marts of the world that in many and devious ways the burden of taxation is heavily balanced with debts incurred during the World War, debts contracted because of suspicions generated by the World War, obligations arising out of the human miseries spawned by the World War.

The Goitondas of wealth blasted into junk on the battlefields are among the least of the items that appear on Mars' ledger. The account books of modern war cannot be closed at the signing of an armistice, nor ten years later, nor fifty. Not until the last wounded survivors and his dependents have passed on can auditors accurately determine what in coin of the realm a war has cost.

The late Alfred Bernhard Nobel, creator of the Nobel peace prizes, thought that in developing destructive explosives he was helping make war so horrible that men would no longer dare to engage in it. The World War proves he was wrong. Nobel was an idealist; he should have been an economist. He would have been on a much sounder line of reasoning had he proposed that the dogs of war would be held in permanent leash only when it became too expensive to loose them.

Egotists are so full of their own opinions that they never have room for any other.

The fellows who once boasted that they always got what they worked for are now working for what they can get.

The problem of the future may be to get many of the men now idle to go back to work, once they have found out that they can get along without working.

Once they crossed the street to dodge the man from whom they had borrowed. Now they cross the street to soak him for another five. What has become of the old-fashioned boy who thought that all he had to do to get a job was to show a diploma of some kind?

A true friend is a valuable possession to any man. But in order to gain the friendship of other people a man must be his own best friend. Truthfulness, sincerity, energy and a correct code of living should be high spots in his life. Nothing short of these should be even considered. When a man attains these virtues he is his own best friend, and will not lack for the friendship of others.

"In order to be a 'live one,' it is necessary to be dead in earnest."
